What Guests Are Saying

★★★★★

"LOVED THIS HOUSE!!! If you are looking for a spacious, high end, beautiful home to vacation with the family, this is it! The pool and slide were a total hit! Close enough to the beach and the town. They include cruiser bikes, beach chairs, ping pong table and all sorts of entertainment for kids and adults. We went jogging on the beach every morning and spent every evening in the roof top terrace! And the bunk bed room was a dream come true for all the kiddos! Seriously what an amazing find. Trevor (the property manager) met us at the house to show us all the ins and outs and was available at all times when we needed something. He was a text or phone call away for anything we needed! Major plus. We can't wait to stay at this house again! Highly, highly recommend!"
