We Have A Goal that Only You Can Help Us Achieve

Help us get to 100k!

Aloha friends and family,

The reopening of Kauai is tentative and without hard facts, there isn't much we can do on the island but be patient and hope. Every year, we create goals for ourselves, and this year's unexpected events mean that most of what we worked towards isn't possible right now.

But we have a new goal for ourselves - one that only you can help us with. That means we have to work together to make this happen. Are you up for it?

This might be silly. It might be crazy. But we want to have 100k Facebook followers by the end of the year. We try to promote kindness, love, and plenty of inspiring posts about the island paradise we call home. If you haven't visited our [Facebook page](#), we encourage you to check it out and give us the big thumbs up if you like what you see.

If you already like our page and feel like sharing the Aloha spirit, tell your loved ones about us. We want to know what our little community can do when we all come together. We may feel like just a dot on the map but together can do great things.
